

Part 3 Activity: Matching Hazards to Solutions

Match the hazard to the solution that would eliminate or reduce the risk.

Biological

- Lay tools with the sharp points against the ground

- Don't drink out of the hose

- Have an adult apply chemicals

- Wash hands properly

- Wear gloves

Chemical

- Tell an adult if you find broken glass

- Keep chemical shed locked

Physical

- Put away tools when not in use

- Wear closed-toed shoes

- Don't bite your nails

- Don't climb on fences
